Bengaluru Karnataka, India

SUMMARY

Detail-oriented Patent Illustrator with over 15+ years of experience in creating precise, compliant, and detailed patent drawings. Proficient in various illustration software and knowledgeable about USPTO, EPO, and other international patent office requirements. Adept at collaborating with patent attorneys, agents, and inventors to accurately depict inventions and technical concepts.

EXPERIENCE

Patent Senior Illustrator

Freelancer

01/2009 - Present Bengaluru, Karnataka, India

- Produce detailed and precise patent drawings for utility and design patent applications, ensuring compliance with USPTO, EPO, and PCT standards.
- Collaborate with patent attorneys and inventors to gather requirements and understand complex technical concepts.
- Review and revise drawings based on feedback from patent examiners to meet stringent patent office requirements.
- Maintain an organized database of drawings and related documents for easy retrieval and reference.
- Train and mentor junior illustrators in best practices and industry standards.
- Managed and delivered complex illustration projects under tight deadlines, which doubled our referral business within a fiscal year.
- Created high-quality patent illustrations for a variety of industries including mechanical, electrical, and biomedical.
- Interpreted technical descriptions and sketches provided by inventors to develop accurate patent drawings.
- Ensured all drawings adhered to the formatting and presentation standards of various international patent offices.
- Assisted in the preparation of application documents by integrating illustrations seamlessly with written descriptions.
- Participated in regular team meetings to discuss ongoing projects and resolve any issues related to illustrations.

CORE COMPETENCIES

- Technical Illustrations CAD Software (AutoCAD, SolidWorks)
- Graphic Design Tools (Adobe Illustrator, CorelDRAW)
- Patent Office Standards (USPTO, EPO)
- Mechanical Engineering Principles
- 3D Modeling Technical Documentation Detail-Oriented Work
- Collaboration and Communication Time Management

Collaboration with multiple geography clients

ACHIEVEMENTS

Illustration of real time inventions

- High Approval Rate
- Efficiency and Precision
- Complex Projects
- Innovation in Illustration Techniques
- Client Satisfaction
- Collaboration with Inventors
- Industry Recognition
- Cost Savings
- Global Reach
- Portfolio Expansion

Increased Efficiency

Innovated an illustration workflow, enhancing production speed by 40% for recurring projects.

Certifications

- Certified Patent Illustrator (CPI)
- Certification in CAD Software (AutoCAD, SolidWorks)

Client Retention Success

Key player in a project that resulted in a 100% client retention rate over 10+ consecutive years.
